Quality Policy

Powersolve Electronics Limited is committed to providing our customers' with their exact requirements for standard & modified electronic power products, with supporting technical assistance and repair facilities gaining the reputation as a specialist in our field.

This is achieved by:

- Ensuring the ongoing reliability of the product.
- Complying with all relevant legislation and regulations.
- Providing a framework for setting quality objectives which are continually monitored and reviewed.
- Ensuring that our people have implemented and understand the quality management systems, as they relate to their responsibilities, and provide training in order for them to excel in customer support and service.
- Effectively communicating that QUALITY is an organizational commitment.
- Committing to continually improving the effectiveness of our quality management system.
