NOTE: (--) in part number denotes AC input connector type. So for a 3 pin IEC320 C14 input it would be C14. (XX) denotes output connector part number. For example 2.5 x 5.5 x 11 mm barrel connector is -02, for other connector options we would designate an appropriate 2 digit number. Consult sales office for details. Example EPA150-24C14-02 is 3 pin IEC320 C14 input and 2.5 x 5.5 x 11 mm barrel connector output.
